Mr. Lewis,

Thank you for your generosity and support. You have made it easier for me to complete my college education. Because of you, I can purchase a laptop that I need for my MIS major and that I have been trying to save money for. Your contribution to my education will make it possible for me to create a foundation for my future and the future of my family.

I feel as though it is because of people like you who donate money for scholarships that make it possible for many students in financial need to be able to attain a degree. You are creating a better world!

Just so you know, the day that I got the email that said that I had been awarded a scholarship to attend the Huntsman School of Business at USU was one of the best days I've had in a long time. You have greatly lessened the stress that I was expecting from this school year. Thank you again!

Gratefully,
